

Group Tour Request Form

The McHenry County History Museum welcomes groups of all ages and abilities to visit us! Please complete the following request for school, organization, and community group visits to the McHenry County History Museum in Union, Illinois. Reservations are required for all group visits so that we have adequate time to schedule a docent(s) to lead your tour. A docent must lead all organized, non-family groups of 6 or more.

Group rates and programs are only available to groups that complete a Group Visit Request form at least 14 days before their earliest requested visit date. School/day camp groups require a minimum 10:1 child-to-adult chaperone ratio.

After completing the form, scan and email your request to the grouptours@mchenrycountyhistory.org. A member of our Education Committee will contact you to discuss and finalize your date and time. Submitting a request does not guarantee a Group Visit on one of the dates you provided. Additional correspondence will be sent to the email provided to confirm your group visit.

We look forward to seeing you!

* Required Fields
